Pursuing Spiritual Transformation: The call to be and share the person from whom we were created to be and shared that person from whom we are called to be.

A community of grace and truth.

The “Greece-less” truth-theilic.

The elements of community and truth:

1. Love: When truth shines through, love and truth are revealed. The love we give and receive is transformed into the community we share.

2. Purity: The truth we share is pure and authentic, reflecting the teachings of Jesus Christ.

3. Sacrifice: The community is built on the sacrifice of Christ, who became a servant for our benefit.

The existence of God.
